ABERDEEN MCMVI
PRINTED FOR THE UNIVERSITY
AT THE
ABERDEEN UNIVERSITY PRESS.
The University and King's College of Aberdeen, founded in 1494, and the Marischal College and University of Aberdeen, founded in 1593, were, under the provisions of the Universities (Scotland) Act, 1858, united on the 15th September, 1860, into one University and College under the designation of the University of Aberdeen.

The names of the Graduates of King's College, in the several Faculties, are to be found arranged chronologically in Mr. P. J. Anderson's Officers and Graduates of University & King's College, Aberdeen, published in 1893, supplemented by his Roll of Alumni in Arts of the University and King's College of Aberdeen, published in 1900; while the names of the Graduates of Marischal College are contained in the second volume of the same editor's Fasti Academiae Mariscallae Aberdonensis, published in 1898.

The present work, which was undertaken at the request of the General Council of the University, contains an alphabetical roll of all those who, from the 15th September, 1860, until the close of the nineteenth century, received degrees from the University of Aberdeen in Divinity, Law, Medicine, Arts or Science.

The Roll contains the names of 4,360 persons on whom 5,626 degrees were conferred during that period (see Appendix VII.). The name of one Undergraduate who, when under
age, passed all the examinations necessary for the degrees of M.B. and C.M., but died before the degrees had been conferred on him, is also included. There are also 111 cross-references to Graduates whose names were not correctly entered on matriculation, or have since been altered.

So far as possible, information regarding each Graduate is arranged in the following manner:

I. Full name of the Graduate, with degree or degrees conferred on him or her by the University between 15th September, 1860, and 31st December, 1900. In the case of Graduates who possess titular distinctions, only those which they held at the date of their first graduation in the University are in this place added to their names. A degree obtained with honours is distinguished by an asterisk (*). A Master of Arts, who taking an ordinary degree, obtained a University Prize, has a dagger (†) placed over his M.A. Details as to Honours and University Prizes are given in Appendix I.

II. Name of the Graduate’s father, and place and date of birth as recorded in the University books. When it is known that the father was a graduate of any University, or an alumnus in Arts of King’s College or Marischal College, this information is given. Facts which have been obtained from sources other than the University records are enclosed in square brackets. Old Machar and St. Nicholas, which are frequently named as the birthplaces of Graduates, are the two Aberdeen parishes of those names.

III. Degrees conferred by other Universities or by

1 See Gilchrist, John Alexander, p. 195. This is not the only instance of a candidate dying in the interval between passing his examinations and graduation, as a reference to p. 260 will show that John Johnston, M.A., 1887, qualified for the degree of B.Sc., but died before the degree had been conferred on him.
either of the Aberdeen Universities before the Fusion, or by the University after 31st December, 1900; diplomas which do not confer on the holders the status of Graduates, granted by Aberdeen or other Universities; also the Fellowship of the Royal Society, of the Royal Society of Edinburgh, of the Royal College of Physicians of London, of the Royal College of Physicians of Edinburgh, of the Royal College of Physicians of Ireland, of the Royal College of Surgeons of England, of the Royal College of Surgeons of Edinburgh, of the Royal College of Surgeons in Ireland, and of the Faculty of Physicians and Surgeons of Glasgow, are here given, if any of these are possessed by the Graduate. Membership or Licence of any of the Medical or Surgical Corporations is not mentioned except in the case of Graduates who adopted the profession of Medicine without graduating in Medicine at a University. In the case of Honorary Graduates who were alumni but not graduates of King’s College, Marischal College or Aberdeen University, the period during which they were alumni in Arts is here stated.

IV. A note, which is necessarily very condensed, indicating the career of the Graduate. Except in special instances no reference is made to the published writings of Graduates. No reference is made to a Graduate holding or having held a University Examinership, and except in the case of present holders of the office University Assistantships are not recorded. Assistantships and curacies held by clergymen or schoolmasters, who have afterwards held principal charges, are not as a rule recorded. In the case of Medical Graduates it is to be understood that, unless otherwise stated, the localities noted
indicate the successive spheres of their practice, but places in which they remained for only a short time are not generally recorded. As regards members of the public services, only the dates of first and last commissions, or of retirement, are given. Appointments which they may have held during their service, unless of an exceptional character, war services, etc., are not detailed.

The compiler desires to thank all those who by their courteous replies to his enquiries have greatly assisted him in his work.

He gratefully acknowledges the help freely given, at all times, by Mr. Robert Walker, Secretary to the University Court, and Mr. Donaldson Rose Thom, Secretary of Senatus.

To the Rev. Stephen Ree, Minister of Boharm, he is indebted for having kindly read the proofs and furnished him with several details that were lacking.

To Mr. P. J. Anderson, Librarian of the University, who also was good enough to read the proofs, he is under very special obligations for the never-ceasing interest he has taken in the work and his many valuable suggestions.

Lastly he cannot refrain from recording how much he owes to three nieces for their patient industry and ever willing assistance.

A photogravure portrait of the late Principal Sir William D. Geddes, whose connection with the University extended over the whole period embraced in the Roll, forms a frontispiece to the volume.

Alumnus . . . Alumnus in Arts (i.e., a student who did not proceed to a
degree in Arts).
A.M.D. . . . Army Medical Department.
A.M.S. . . . Army Medical Staff.
b . . . . . . . Born.
B.A. . . . . . Bachelor of Arts.
This, the minor degree in Arts at most Universities, was
never granted either by King's College, Marischal College or
Aberdeen University, and has not been conferred by any of
the other Scottish Universities since 1861, as candidates in
these Universities proceed at once to the degree of M.A.
B.C. . . . . . The style used at Cambridge to designate a Bachelor of
Surgery. Cf. B.S. and Ch.B.
B.C.L. . . . . . Bachelor of Civil Law.

EXPLANATION OF ABBREVIATIONS AND TERMS USED.

Ch.B. . . . . . . (Chirurgire Baccalaureus.) Bachelor of Surgery.

This degree, by ordinance of the University Commissioners, appointed under the Universities (Scotland) Act, 1889, was substituted for that of Master in Surgery (C.M.), as the minor degree in Surgery to be conferred with the degree of Bachelor of Medicine (M.B.). See C.M. and Ch.M.

Ch.M. . . . . . . (Chirurgire Magister.) Master of Surgery.

In the Scottish Universities this is the higher degree in Surgery and bears the same relation to the degree of Ch.B. as the degree of M.D. does to that of M.B. Up to the date of this publication only two Aberdeen graduates (John Alexander Mackenzie, see p. 324, and Isaac Frederick Bernhardi de Villiers, M.B., Ch.B., 1905, who became Ch.M. in July, 1906) have received promotion to this degree. See Ch.B. and Ch.M.

cl. . . . . . . . . Class of honours in a degree.
Class. . . . . . . . Classics or Classical.
C.M. . . . . . . . (Chirurgire Magister.) Master in Surgery.

This, which was formerly the only degree in Surgery given by the Scottish Universities, was conferred with the degree of Bachelor of Medicine (M.B.), until by ordinance of the Commissioners appointed under the Universities (Scotland) Act, 1889, the degree of Bachelor of Surgery (Ch.B.) was substituted for it and the higher surgical degree of Master of Surgery (Ch.M.) was instituted on the same level as the higher medical degree of Doctor of Medicine (M.D.). See Ch.B. and Ch.M.

C.M.G. . . . . . . Companion of the Most Distinguished Order of St. Michael and St. George.
(com.) . . . . . . Obtained commendation for a thesis on proceeding to a degree.

APPENDIX I.

LIST OF THE GRADUATES WHOSE NAMES ARE COMPRISED IN THE ROLL, WHO OBTAINED HONOURS, DISTINCTION OR COMMENDATION ON GRADUATION.

FACULTY OF ARTS.

Honours were granted in 1861 in accordance with what had been the usage at King's College and Marischal College respectively.¹

At the graduation of 1862, in accordance with the terms of Ordinance No. 14 of 26th January, 1861, of the Commissioners appointed under the Universities (Scotland) Act, 1858, the system was introduced of having two grades of honours in each of the following departments:

- Classical Literature (Cl.),
- Mental Philosophy (Ment.),
- Mathematics and Natural Philosophy (Math.),

and one grade in Natural Science (Sc.).

Under Ordinance No. 11 of the Commissioners under the Universities (Scotland) Act, 1889, the department of Natural Science has been abolished, and three grades of honours have been recognised in each of the departments of

- Classics (Cl.),
- Mental Philosophy (Ment.),
- Mathematics and Natural Philosophy (Math.),
- English (Language, Literature and British History) (Eng.),
- Modern Languages and Literature (Mod. Lang.).

¹ See the present editor's A Calendar of the University of Aberdeen for the Sessions 1860-61 to 1863-64, Aberdeen, 1909, Appendix III., p. 113.
The first batch of Masters of Arts, of whom some were placed in the third class, graduated in 1896, and the last Master of Arts with honours in Science graduated in 1894.

2 The Natural Science Honours Prize was not awarded in 1879.
3 The Minutes of Senatus state that James Murdoch made the highest marks for the Hutton Prize; but he having gained the Simpson Greek Prize, the Hutton, according to usage, fell to the next in order qualified to hold it. This usage, however, does not appear to have been followed in 1865 and 1868.

1 In some cases, which are noted, the Degree of M.D. alone was taken.
2 Up to 1879 (Calendar, 1880-81) honours taken by Medical Graduates were differentiated as those gained either at the examination for the Degree of M.B. (M.D. under Old Regulations) or as gained in the special examination for C.M. This distinction has never been made in the "Honours List" which has appeared in each Calendar since 1881-82, and having been discontinued, since 1880 inclusive, in the yearly lists of degrees conferred with honours, has not here been observed. John Robert McLintock, who obtained the Degree of M.B. in 1860, is however shown as having gained Honourable Distinction when graduating C.M. in the following year.
3 The system of having two grades of honours ("Highest Honours" and "Honourable Distinction") was not approved by the Senatus until 24th July, 1862, and did not come into general operation until the Graduation of April, 1863; but David Mackie on being admitted to the Degrees of M.D. and C.M., 25th April, 1862, was given the first place in order of merit of those who at that date graduated with Honourable Distinction, and was granted a diploma and certificates on which it was stated that he was "entitled to the Highest Academical Honours."
4 Did not graduate as C.M. until 28th November, 1863.

DOCTORS OF DIVINITY.

LIST OF THE DOCTORS OF DIVINITY WHOSE NAMES ARE COMPRISED IN THE ROLL, ARRANGED ACCORDING TO THE DATES OF THEIR DEGREES.¹

The Doctors of Divinity were all clergymen of various denominations, and in this connection it is interesting to note that a graduate of the University of Aberdeen, Professor William Mitchell Ramsay, M.A., 1871, received on the 12th April, 1906, the unique distinction of being the first layman admitted to the roll of honorary graduates in Divinity of the University of Edinburgh.

Of the 120 Doctors of Divinity there were:

54 clergymen of the Church of Scotland.
28 ,, of the Free Church or United Free Church of Scotland.
  8 ,, of the Presbyterian Church of England.
  7 ,, of the Presbyterian Churches in the Colonies.
  7 ,, of the Congregational Church.
  6 ,, of the Church of England.
  5 ,, of the Episcopal Church in Scotland.
  4 ,, of the United Presbyterian Church.

and one clergymen of the Dutch Reformed Church in South Africa.

Of the above, forty-nine were M.A. King’s College (one being also B.D. Aberd.) and one was alumnus but not a graduate.

Thirty-two were M.A. Marischal College (one being also B.D. Aberd.) and three were alumni, but not graduates.

Twenty-four were M.A. Aberd. (of whom two were also M.D. and two B.D.) and one was B.D., but not M.A. Aberd.

Ten were not alumni either of King’s College, Marischal College or Aberdeen University.

¹If after the date of graduation any alteration occurred in the designation of an honorary graduate, the latest designation is here given. For the status of graduates at the time of their laureation, see the Roll.
